Club Manager Lite is designed for small to medium sized clubs, groups, teams, leagues, etc. that desire to maintain and manage an up-to-date database of their members. Club Manager generates numerous reports of membership rosters for the different types of memberships showing member data along with dues amounts, payment types, etc. This is an easy-to-use application that fits in well for membership management and maintenance. Small country clubs, sports leagues and teams, groups, etc. will find this program fills their needs.
