Leawo AVCHD Converter is a handy tool to convert AVCHD videos for greater enjoyment. This AVCHD video converter can convert AVCHD videos to popular formats, such as AVI, MPG, MOV, MP4, WMV, RMVB, FLV, etc. It accepts any AVCHD videos, H.264/MPEG4 AVC videos and JVC recorded videos for import. AVCHD to video conversion is fast with hardware acceleration in this software. This AVCHD tool also provides easy video edit features to let you cut HD video duration, modify HD video size for 4:3 or 16:9 monitor display, add image and text watermarks and change video brightness, contrast and saturation. More conversion settings are available like video bit rate, frame rate, audio channel, etc. for professional output.
